

## OVERVIEW

At MOPEX, we strive to bring out the potential in each of our students. With a variety of materials and resources, we give them the skills, guidance, and knowledge necessary for success in the future. We use Biblical values to encourage, nurture, and mentor our students. We build their character while laying a firm foundation in academics and life skills. Our goal is to ensure that students are ready for the challenges of every next step in their academic lives.

### Tutoring – Elementary

*Our focus for our elementary students is to make sure they are properly prepared for high school. This means bringing them up to the standard of learning for their age group, filling the gaps in their understanding of the academic curriculum, and giving them the best head start to grade 9 and beyond. A focus on the foundational subjects (Math, Reading, and Writing) is the basis for learning and mastering other subjects offered in elementary school.*

**At the elementary level, we focus on:**

- Mathematics
- Reading
- Language (Writing, Grammar, and Creative Thinking skills)
- Problem Solving Skills

### Tutoring – High School

*High school students spend the majority of their high school career adjusting to a more mature learning environment, a heavier workload, and planning their post-secondary education. At MOPEX, we mentor our students from the very beginning by assisting them (with their parents) in choosing their courses and planning their academic pathway to university or college. Unlike our elementary students, we work alongside our high school student's current curriculum, offering extra help and tutoring in the courses they take each semester.*

**At the high school level, we offer tutoring in:**

- Mathematics, Functions, Advanced Functions, Calculus, Data Management, etc.
- English (Grade 9-12)
- Science, Physics, Chemistry
- Literacy Test Prep / EQAO Prep.
- Civics & Careers
- SAT Preparation
- Homework Help / Study Skills

## Day School – Elementary (9:00 AM – 2:00 PM)

 Our day school program offers students an opportunity to learn in a safe and nurturing environment, and at a pace that is best suited to their level of learning. We strive to preserve the innocence of children and encourage them in the morals and values only God's Word provides. At MOPEX, we do not keep our students at a base level, but rather work alongside parents to help all of our day school students reach an academic level above the provincial standard. By building a proper academic foundation early on, learning and understanding more difficult concepts in high school, college, or university becomes easier. Coupled with a solid Biblical foundation, students are equipped with the wisdom they need to overcome the challenges they may face in the future.

### Our day school curriculum includes, but is not limited to:

- Bible Devotions
- Mathematics
- Reading and Language (Phonics, Grammar, Creative Thinking, Public Speaking...)
- Science
- History
- Geography
- The Arts

## Home School – Mentoring and Assistance

 MOPEX also offers parents assistance if they want to pursue homeschooling their own children. Having successfully homeschooled their own children, MOPEX's founders offer mentoring and training to parents and guardians in the proper methods and approaches to Biblically homeschooling their children.

## Summer Classes

Our summer classes run during the months of July and August (specific times TBA):

Option	Objective
High School Preparation	To prepare elementary graduates for both the academic and non-academic challenges of high school, with a Biblical mindset.
Boys with Confidence (ages 5-9)	To give boys a biblical understanding of who they are and the character traits God has given them.
Girls with a Purpose (ages 5-9)	To give girls a biblical understanding of who they are and the character traits God has given them.
Young Men of Courage (ages 10-14)	To study the true men of courage in the Bible and learn from their strengths and weaknesses.
Young Ladies of Character (ages 10-14)	To study the beautiful characters of women in the Bible and learn from their strengths and weaknesses.
Nation Builders (ages 15+)	To find your purpose after high school – a biblical guide to making wise career choices.

## ADDITIONAL INFORMATION

### The Importance of Parents/Guardians

While we aim to see improvement in the academics of each of our students through our services, without the complete support of parents and guardians, your child's success is only a fraction of what it would be with your added involvement. When enrolling your child in our services, we encourage and urge parents to remain involved in the progress of your child throughout their time with us.

This includes, but is not limited to:

- Continuously promoting the importance of education and God's Word
- Ensuring the advice given to students is followed correctly (i.e., studying, practice, math drills, extra-curricular reading...)
- Encouraging proper student behaviour in the classroom (both at MOPEX and at school)

**We look forward to working with you and your child!**
